PROFESSIONAL SUMMARY

Front-End Developer with 4+ years of experience building responsive, accessible web interfaces, now specializing in AI automation. Certified in n8n, Zapier, and Make.com, with hands-on experience building AI-powered workflows that capture leads, automate follow-ups, answer customer inquiries, and reduce repetitive admin work using webhooks, APIs, and AI agents. My front-end background lets me connect both sides of a workflow, from the website or form where data is collected to the automations that process and route it.

CORE SKILLS

AI Automation: n8n, Zapier, Make.com, GoHighLevel, AI Agents, MCP Servers/Clients, AI Workflows, Google Gemini, ChatGPT, Claude

Workflow Design: Webhooks, REST APIs & HTTP Requests, Triggers & Actions, Filters, Conditional Branching/Routing, Looping & Merging Data, Data Formatting, Human-in-the-Loop

Integrations: Airtable, Google Sheets, Google Drive, Gmail, Asana, Slack, Xero, Apollo, Facebook Pages, LinkedIn

Front-End: HTML5, CSS3, JavaScript, React, Next.js, WordPress, Tailwind CSS, Bootstrap

Tools: Git, GitHub, VS Code, Figma, Adobe Photoshop, Illustrator, XD

Practices: Responsive Design, Cross-Browser Compatibility, Accessibility (WCAG), Debugging, Performance Optimization

AI AUTOMATION PROJECTS

- **Lead Management & Client Operations** (n8n, Airtable, Google Gemini, Webhook) – Captures leads, checks Airtable for duplicates, and creates or updates records. Gemini summarizes and classifies each inquiry as Priority, Qualified, or Needs Review, then sends an email and creates a follow-up task.
- **AI Agent for Facebook Page Messages** (n8n, Google Gemini, Webhook) – Receives Facebook Page messages, filters invalid events, pulls context from a knowledge document, and uses an AI agent with short-term memory to generate and send replies automatically.
- **Asana CRM Lead Engagement** (Zapier, Asana, Gmail, Google Drive) – Splits leads into five status paths and automates each next step: Drive folder creation, social content drafts, timed Gmail follow-ups, and closing recommendation or welcome emails.
- **Automated Lead Enrichment** (Zapier, Youform, Apollo, Slack, Google Sheets) – Enriches new leads with company data, segments by company size, saves high-priority prospects to Sheets, alerts the sales team in Slack, and drafts AI-assisted outreach.
- **Auto-Sort Gmail Attachments to Drive** (Make, Gmail, AI, Google Drive, Google Sheets) – Extracts email attachments, uses AI to analyze each file and generate a clear filename, uploads it to Drive, logs details in Sheets, and sends a completion notification.
- **AI Content Repurposing** (Zapier, Google Drive, AI by Zapier, Facebook, LinkedIn) – Transcribes uploaded content and turns it into blog and social posts, then publishes the right versions to Facebook Pages and LinkedIn.
- **Xero Transactions to Asana CSV Export** (Make, Xero, Google Sheets, Asana) – On task completion, pulls Xero transactions, logs rows to Sheets, builds a CSV, attaches it back to the Asana task, and resets the range for the next run.

EXPERIENCE

Front-End Developer | Softnext Co., Ltd. Feb 2022 – Jul 2026

- Built and maintained responsive web pages with HTML5, CSS3, and JavaScript across multiple client projects.
- Translated Figma and other design mockups into accurate, accessible, cross-browser-compatible interfaces.
- Debugged and resolved layout, styling, and interaction issues across browsers and device sizes.
- Improved page performance by optimizing assets, applying image-loading techniques, and refining CSS.
- Used Git and GitHub for version control and collaboration, keeping code, documentation, and project assets organized.
- Managed concurrent projects and deadlines while coordinating remotely with designers, developers, and stakeholders.

Public Assistant & Complaint Desk Administrative Aide | LTFRB Aug 2019 – May 2021

- Provided front-line customer support by phone, email, and in person, assisting with inquiries and franchise applications.
- Resolved complaints professionally while maintaining accurate, organized records and files.
- Coordinated with internal staff and external stakeholders and handled sensitive information with discretion.

CERTIFICATIONS

AI Automation with n8n — Technical Virtual Assistants PH Aug 26, 2026

AI Agents vs. Workflows, Data Handling, Triggers & Actions, Branching, Looping/Merging, API Connections, MCP Server/Clients, AI Agents

No Code Automation with Make.com — Tara AI Community+ Aug 13, 2026

Scenario Structure, Filters, Data Manipulation, Advanced Routing, HTTP Requests, AI Agents

No Code Automation with Zapier — Tara AI Community+ Aug 6, 2026

Formatter, Delay, Filter, Paths, Looping, Sub-Zaps, Webhooks, AI with Human in the Loop

EDUCATION

Bachelor of Science in Information Technology | Our Lady of Fatima University 2019
